ASB PROCUREMENT

Welcome to ASB procurement. Here we explain the process to become a supplier or service provider to the ASB.

- Service providers and suppliers who wish to render services to ASB will no longer register with ASB directly. Suppliers have to register on National Treasury Central Supplier Database (“CSD”) as per National Treasury [Circular No 3 of 2015/6- Central Supplier Database](#).
- National Treasury will maintain the database for all suppliers for Government and its institutions.
- All existing and prospective suppliers are requested to self-register on the CSD by accessing the National Treasury website at www.CSD.gov.za.
- All ASB tenders will be published on the National Treasury’s e-Tender Publications Portal, at the following website www.etenders.co.za.

How is ASB procurement governed?

ASB’s Procurement and Supply Chain Management processes are subject to the provision of:

- the Public Finance Management Act No.1 of 1999(PFMA)
- the Treasure Regulation for departments, trading entities, constitutional institutions and public entities, 2005 issued in terms of the PFMA
- the Preferential Procurement Policy Framework Act No.5 of 2000(PPPFA)
- the Preferential Procurement Regulations, 2011 issued in terms of the PPPFA
- the Supply Chain Management practice notes, instruction notes and circulars issued by National Treasury from time to time
- ASB’s internal delegations of authority

These guidelines and legislations are incorporated into the ASB’s Procurement Policy. The policy set out the processes and procedures followed by ASB when goods and/or services are procured.

Board Members: Ms T Coetzer, Mr B Colyvas, Ms I Lubbe, Mr M Kunene, Mr K Makwetu,
Mr J Nair, Mr V Ndzimande, Ms N Ranchod, Ms R Rasikhinya, Ms C Wurayayi
Alternates: Mr S Badat, Ms L Bodewig
Chief Executive Officer: Ms E Swart, Technical Director: Ms J Poggiolini

It defines the legal, commercial and ethical parameters by which ASB's employees and in particular its supply chain practitioners must conduct supply chain activities within ASB. This policy enables the proper and consistent application of procurement and supply chain management practices across ASB. The policy promotes efficient, transparent, equitable and effective procurement processes so as to achieve optimal value for the money in terms of the total cost of ownership of the goods and/or services procured by ASB.
