**SUBJECT: ENHANCING THE APPLICATION OF THE STANDARDS OF GRAP**  
**DATE: 17 JULY 2023**  
**FILE REF: ATTACHMENT 7(a)**

### **BACKGROUND AND PURPOSE**

1. A project on “Enhancing the Application of the Standards of GRAP” is included in the work programme for 2024 to 2026. The quarterly targets on the APP for 2023/2024 measures the percentage of the outputs on the plan that are met. The Board approved the plan and related activities in March 2023 and the project commenced on 1 April 2023. Progress against the plan will be a standing-item on the Technical Committee and Board’s agendas going forward. The plan for 2023/24 is included as attachment 7(b).

### **ACTIVITIES UNDERTAKEN IN THE QUARTER**

2. The plan for 2023/24 includes content for the ASB’s YouTube channel. The Secretariat recorded all the topics on the plan for the quarter and they were posted on YouTube by 30 June 2023. One additional recording was done on using the ASB website. A publication providing an overview of the reporting frameworks in the public sector is included on the 2024 to 2026 work programme and is subject to resource availability. A recording on the topic was prepared for YouTube.
3. The Secretariat created a new page on the ASB website where the slides for each of the recordings were published.

#### *Raising awareness of the content*

4. The Secretariat’s social media plan for July to September 2023 includes a series of posts to raise awareness about the newly added content from this project. The Secretariat is exploring a system notifying members of new content on YouTube with the appointed IT service provider.
