Introduction

Directive

The Accounting Standards Board (the Board) is required in terms of the Public Finance Management Act, Act No. 1 of 1999, as amended (PFMA), to determine generally recognised accounting practice referred to as Standards of Generally Recognised Accounting Practice (GRAP).

The Board must determine GRAP for:

- (a) departments (including national, provincial and government components);
- (b) public entities;
- (c) trading entities (as defined in the PFMA)
- (d) constitutional institutions;
- (e) municipalities and boards, commissions, companies, corporations, funds or other entities under the ownership control of a municipality; and
- (f) Parliament and the provincial legislatures.

The above are collectively referred to as “entities” in Standards of GRAP.

The Board has approved the application of International Financial Reporting Standards (IFRS[®] Standards) issued by the International Accounting Standards Board[®] for:

- (a) public entities that meet the criteria outlined in the Directive on *The Selection of an Appropriate Reporting Framework by Public Entities*; and
- (b) entities under the ownership control of any of these entities.

Section 89(1)(b) of the PFMA requires the Board to prepare and publish directives and guidelines concerning the Standards of GRAP as set out in section 89(1)(a) of the PFMA. The *Preface to the Standards of GRAP* determines that directives will be used to set transitional provisions and transitional arrangements for the entities required to comply with Standards of GRAP. Directives issued by the Board in terms of section 89(1)(b) of the PFMA therefore have the same authority as the Standards.

Directives should be read in conjunction with the applicable Standards of GRAP and Interpretations of the Standards of GRAP, as well as the *Preface to the Directives*.

Objective

1. Historically, trading entities have been required to apply Statements of Generally Accepted Accounting Practice (GAAP) in preparing their financial statements. As trading entities operate on a cost recovery basis and, the users of their financial statements are the same as other public sector entities, the most appropriate reporting framework for these entities is the Standards of GRAP. The purpose of this Directive is therefore to outline the application of the Standards of GRAP by trading entities.

Scope

2. This Directive shall be applied by trading entities (as defined in the Public Finance Management Act, Act No. 1 of 1999, as amended).

Application of the Standards of GRAP

3. Trading entities are required to apply Standards of GRAP in preparing their financial statements for periods commencing on or after 1 April 2013. In preparing the financial statements on initial adoption and subsequently, a trading entity shall apply the same reporting framework as public entities, constitutional institutions, municipalities and municipal entities (see the relevant appendices in the Directive on *Determining the GRAP Reporting Framework*).
4. On initial adoption of the Standards of GRAP, the following transitional provisions shall be applied:
 - (a) For those trading entities that previously applied Statements of GAAP in preparing their financial statements, the transitional provisions in the Directive on *Transitional Provisions for Public Entities, Trading Entities, Municipal Entities, Public Technical and Vocational Education and Training Colleges, and Constitutional Institutions* (Directive 2).
 - (b) For those trading entities that previously applied the modified cash basis of accounting in preparing their financial statements, the transitional provisions in the Directive on *Transitional Provisions for Medium and Low Capacity Municipalities and Trading Entities*.
5. Newly established trading entities shall apply the transitional provisions in Directive 2.
6. Trading entities may also apply the Directive on *The Application of Deemed Cost* on the initial adoption of the Standards of GRAP.

Effective date

7. This Directive shall be applied by trading entities in preparing their financial statements for periods commencing on or after 1 April 2013. Earlier application is permitted.
